- This pricing reflects programming being held in one location. If we are required to do set-up in more than one location (for instance grades 1 and 2 programming is done on the school site and grades 3-6 programming is done at a nearby park), we will charge an additional \$25 to cover set-up costs at the second location.
- We have a limited number of subsidies for schools which may require some financial assistance. Please contact us for details.
- To help the kids navigate through the SOGO Adventure Running Program, teacher/parent volunteer involvement is ideal. Minimum requirements are one teacher/teacher's aide and one volunteer per group of 35 students.
- See www.sogoadventurerunning.com/at-school for our deposit and refund policy.
